Valves & **Valve Accessories**

Our complete range of tyre valves & valve accessories.

● VALVES AND VALVE ACCESSORIES

REMA TIP TOP 

Tube Valves	120
Tubeless Valves	120
Earthmover Valving (LB / SLB)	128
Tank Valves	134
Valve Cores	134
Valve Extensions and Holders	135
Valve Caps	138
Valve Tools	141
TPMS Valves	144

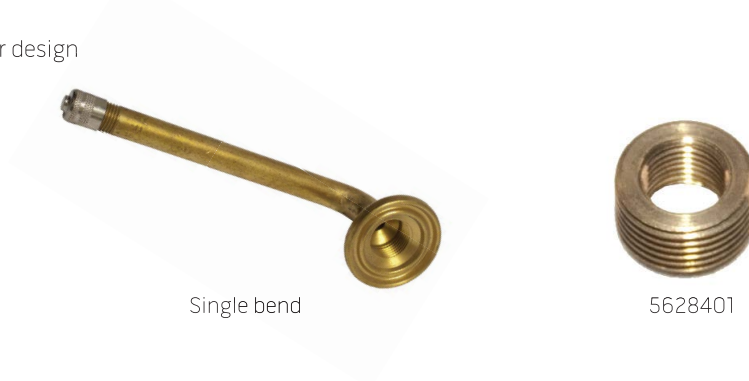

VALVES AND VALVE ACCESSORIES

Tube Valves & Tubeless Valves

Screw-on valves VG12

- For tubes of older design

Ref. No.	Description	Length	TR No.	Contents			
5622012	Screw-on valve, single bend	75 mm	1075 A	each	▪	▪	
5622067	Screw-on valve, single bend	127 mm	1078 A	each	▪	▪	
5622081	Screw-on valve, single bend	140 mm	1179 A	each	▪	▪	
Accessories:							
5628401	Michelin Adaptor V-5010			each	▪		▪

Tubeless Valves

Snap-in valves, motor cycle

Ref. No.	Description	Rim hole	Bending angle	Contents
5010089	Snap-in valve, brass with soft plastic cap.	11.3 mm	90°	each

Snap-in valves, chrome sleeve

Ref. No.	Description	Rim hole	Length	Max. pressure	TR No.	ETRNo.
5622645	Snap-in valve with chrome sleeve and cap	11.3 mm	33 mm	4.5 bar	412	V2-03-16

VALVES AND VALVE ACCESSORIES

Tubeless Valves

Snap-in valves - car

VALVES AND VALVE ACCESSORIES

Tubeless Valves

Hidden valves

- These valves improve the aesthetic impression and the design of the rim
- The valve is protected by its special construction against pressure loss, sabotage, contamination and tearing off

Ref. No.	Description	Rim hole
160228	Invisible valve kit Includes: <ul style="list-style-type: none"> • 4 Valves with screw cap • 2 Spare caps • 1 Removable valve stem inflator Accessories:	11.3 mm
160229	Removable valve stem inflator For use with: <ul style="list-style-type: none"> • Invisible valve kit (160228)

Ref. No.	Description
5623972	<p>TPMS VT56 Docking Station & Printer</p> <ul style="list-style-type: none"> This Docking Station and Printer are for use with the VT56 Diagnostic Tool, further expanding its usability. The rugged Docking Station is designed to be mounted to the wall, to allow for the easy storage and charging of the VT56 unit between jobs and overnight. The Docking Station also has a cradle for the infra-red printer, to easily print the sensor data directly from the VT56 unit.
5623976	<p>TPMS Tread Depth Gauge</p> <ul style="list-style-type: none"> The ATEQ Tread Depth Gauge allows you to capture the inner, centre and outer tread depth for each tyre, and to store this information either alone or in conjunction with the TPMS data. Provide a valve added service with a printed TPMS and tyre condition report.

3

VALVES AND VALVE ACCESSORIES

TPMS Valves

TPMS Snap-In Valves

- Whenever changing a tyre fitted with a TPMS sensor and a snap-in rubber valve, the rubber valve must always be replaced, no different to non-TPMS valves.
- The valve needs to be attached to the sensor with a screw at a set torque.
- Correct torque is vital to the installation of the sensor, Always the correct torque tool.

- Please note that thread is not pre-cut into the valve shaft, there is only a starting groove. This allows the screw to cut the thread into the shaft at installation ensuring that no movement occurs later.
- Make sure to visually compare the new valve with the one removed to ensure it fits to the sensor. Always use the correct torque tool.
