DATE: 30 December 2021
ATTENTION: RTT Industry, Shared Services
REFERENCE: REMA TIP TOP INDUSTRY – COVID-19 - Update to WA requirements

Dear Colleagues,

COVID-19 BOOSTER

As you are aware the WA Premier has now mandated the requirements for a booster Shot (A third Vaccination dose) for those working in the mining and Emergency services areas.

When you become eligible you must get your 'COVID-19 Booster' or third vaccination dose within one month of after you are eligible.

If you do not get the 'Booster' within the designated timeframes you will not be permitted to travel to site.

PERTH AIRPORT SCREENING REQUIREMENTS

A reminder to those travelling to FMG sites the requirements for pre-flight Antigen or COVID-19 testing will remain in place for 2022.

BHP have now introduced similar requirements at Perth Airport before travel to site.

New BHP Perth Airport screening facility for outbound flights now operational

All personnel travelling to the Pilbara from Perth Airport must visit the dedicated BHP screening facility for a rapid antigen test before heading to the terminal.

We appreciate this new screening facility may be an inconvenience and adds additional time to your travel, however this is an important additional control measure to help us reduce the risk of COVID-19 getting to our sites.

- Do not go to the departure terminals without visiting the new screening locations
- For T1/2 the facility is located at long-term parking J, for T3/4 the facility is at staff car park C
- We recommend you arrive at the screening facility 1.5 hours prior to your flight departure time
- Complete your COVID-19 self assessment form prior to arrival at screening facility to prevent unnecessary delays (form can be completed up to 24 hours prior to travel)

This is a Western Australian government requirement, so REMA TIP TOP need to ensure that their staff comply with these new requirements. Thank you to everyone for prioritising the safety of miners, their families, and the communities in which they operate.

Yours Sincerely,

Stefan Flohr
